## Product Description

Superior Quality Metal Quartz Timepiece with Alloy Case Material and Glass Dial Window

### Product Description:

The Alloy Quartz Wrist Watch is a sleek and stylish metal timekeeper. Crafted from alloy material, this unisex wristwatch has a weight of just 50g, making it an impressive and comfortable accessory for any outfit. The dial window is made of glass, which is both scratch and smudge-resistant for a clear view. With an analog dial display, the watch is powered by quartz movement for accurate timekeeping. The Alloy Quartz Wrist Watch is an essential accessory for those who appreciate the timeless look of a classic metal timekeeper.

### Features:

**Metal Quartz Timepiece:** Alloy Quartz Wrist Watch

**Case Thickness:** 7mm
